Integration of Blood Chemistry and Muscle Testing

Detect

Assess

Test

Support

This seminar will introduce a proven system of natural health care that is simple for the novice muscle tester and complex enough to keep even the most advanced muscle tester interested.

**Presented by: Dr. Jerry Weber, N.D. and
Guest Speaker: Dr. Cliff Fetters, M.D.**

October 28th & 29th 2017

CE Credit Hours Applied For

Integration of Blood Chemistry and Muscle Testing

This seminar will teach muscle testing from a nutritional perspective as an integrated assessment process, provide basic herbal and supplemental knowledge, as well as providing for lots of hands on experience. You will learn how to properly muscle test for each nutrient needed. You will also see the importance of using a system of muscle testing to improve your practice. Real patient cases will be reviewed by integrating muscle testing and nutrition through pre and post blood work.

Dr. Weber and Dr. Fetters have been in clinical practice for over 25 years. They will show you how to properly integrate blood chemistries and muscle testing for better results with your patients. No more guessing!

**CEU's applied for by:
Logan College of
Chiropractic**

**12 CE Hours Applied
for: IN, OH, MI & IL**

Dr. Jerry Weber is a Naturopath doctor practicing at Health and Wellness of Carmel, he is board certified by the American Naturopathic Medical Board. He is also a Certified Natural Health Professional. He has been involved in natural healing arts and sciences for over twenty-five years. After working many years as an herbalist and practitioner, Dr. Weber received his Doctorate of Naturopathy in 2008 from Trinity School of Natural Health. Dr. Weber specializes in digestive disorders and believes that many diseases today are initially caused by a faulty digestive system. Dr. Weber is the co-creator of The Body Balance Healing System, along with his son, Michael, who is also a Naturopath. Dr. Weber is a master muscle tester, which is his main "diagnostic" tool. This system gives the patient quick, accurate and less expensive answers to their health issues.

Hotel Contact #: (317) 227-0950

Seminar Registration Fee:
Healthcare Professional: \$225.00
Spouse/Staff/Student: \$125.00

Dr. Fetters grew up in Fort Wayne, Indiana. He graduated Summa Cum Laude from Indiana State University. He then completed his family practice residency at Fort Wayne Medical Education. He moved to Carmel, Indiana and started practicing traditional medicine. He was with Family Physicians of Carmel for nearly two decades. He took over the practice from senior partner, Dr. Terry Frederick. Dr. Fetters has never forgotten his parting words. "Prescription drugs are poison, use them wisely, use them sparingly and always try to find a better way." It was not many months into practice before Dr. Fetters learned to what his esteemed colleague was referring to. In 2006, Dr. Fetters started Health and Wellness of Carmel to fulfill his dream of providing holistic, functional medicine for the Midwest. It has become a nationally recognized center of excellence where medical doctors, osteopaths and naturopaths combine their talents to provide individualized health plans to treat complex medical illnesses as well as providing expertise in achieving and maintaining optimal wellness.
