### Should I Use Relaxall?

If you have ever experienced stress, anxiety, or muscle or joint discomfort and wished for a more natural approach in achieving relief, Relaxall is for you. Our bodies are constantly bombarded with stressors such as physical and mental stresses and frustrations, be it from an old recovering injury and our inability to move like we used to, or a new problem that we are currently facing. Relaxall supports our body & Musculoskeletal systems ability to manage the stress, and discomfort of every day life.

### How Relaxall Works

Inside our all-natural Relaxall formula, you'll find herbs like White Willow Bark and Valerian Root, which support your body without the negative side effects that come from using products with harmful or toxic ingredients. Ultimately, we don't create products that we wouldn't be proud to use ourselves.

### What Makes Relaxall Unique?

Our Enzyme Delivery System (EDS<sup>®</sup>) is a proprietary blend of enzymes that has been added to Relaxall. This blend harnesses the power of enzymes to improve the body's absorption of vitamins, co-factors and key ingredients, and improves the body's absorption of these powerful formulas.

AdPT is a proprietary blend of adaptogens in this formula. Adaptogens are an elite group of botanicals that work on a cellular level to support the body's ability to function, adjust and perform, especially during times of stress.
